

Sat., July 28, 2007

Poster Presentations

Stewart Center 214, 218

Session I: 3:30 - 4:15 pm

Session II: 4:30 - 5:15 pm

SROP scholars are asked to present their posters during session I or II as indicated below. Each presenter is assigned a Poster Number (Poster #). This number designates the location of the poster.

Poster #	Name	Title	SROP Host University
----------	------	-------	----------------------

Session I

157	Abdullah Andrea	Over-expression of PAX2 in Embryonic Chick Eye Development	Indiana Univ./Purdue Univ. Indpls.
1	Abuelezam Nadia	Gene Expression Analysis of Rhino-Virus Induced Asthma	University of Wisconsin-Madison
19	agbeve kossi	USING SEISMIC REFRACTION METHOD TP EXPLORE PLAT	Pennsylvania State University
79	Albors Gabriel	Biomedical Engineering	Purdue University
265	Alcantara Josue	The neural correlates of emotion, memory, and decision-making.	University of Iowa
159	Allan Lindsay	Biology	Northwestern University
129	Alvarez FeliceMichael	Investigating the Regulation and Function of Cyclin G2 Expression	University of Iowa
197	Amarandei Elena	have not decided yet	University of Wisconsin-Milwaukee
283	Antonio Tiago	The growth of normative pro-social beliefs among middle school chil	University of Illinois at Chicago
107	Arasu Mitila	Biology	Ohio State University
161	Baez Javier	Biology	Ohio State University
307	baird bianca	MCE	Indiana Univ./Purdue Univ. Indpls.
241	Barnes Ashlee	The origins of the association between the marital relationship and a	Michigan State University
75	Beas Carlos	Electrical and Computer Engineering	University of Michigan
155	Biedron griffin	political science	University of Michigan
261	Blanchar John	Academic Dishonesty: A Social-Cognitive Approach	Indiana Univ./Purdue Univ. Indpls.
163	Brierley Lauren	Investigating Intermembral Indexes of Western Lowland Gorillas an	Indiana University
109	Brown Clarissa	varicella-zoster virus glycoproteins and the immune response	University of Iowa
309	Browning Melissa	The Color of Rhetoric: Great African American Authors	Ohio State University
321	Buchmeyer Joanna	Journalism	Ohio State University
165	Butler Krystal	SOX2 gene and its role in eye malformations	University of Michigan
59	Cabret Eduardo	Characterizing Subglacial Interface Boundaries and Hydrologic Pote	Pennsylvania State University
231	Canto Jose	A Discourse Analysis of Urban Poverty Studies	Northwestern University
189	Caraballo Kathy	Natural Sciences	University of Michigan
325	Carviou James	To what extent are college students' news habits and values reflected	University of Wisconsin-Milwaukee
167	Castro Ashley	Biology	Indiana Univ./Purdue Univ. Indpls.
319	Chambers Penelope	Business Economics	Ohio State University

Poster #	Name	Title	SROP Host University
217	Chan Jenny	Economics	Purdue University
39	Chaparro Francisco	Superoxide Generation from Potassium Superoxide	University of Illinois at Urbana
29	Chen Jamie	Dopamine Transporter Trafficking	University of Michigan
295	Clayton Kylen	Classical Studies	Purdue University
147	Clemente Luca	Does the Dysregulation of the HPG Axis Following Menopause Alte	University of Wisconsin-Madison
267	Connell Lavonna	Psychology	University of Iowa
251	Cornick Courtney	Cross Cultural Differences between Forgiveness and Posttraumatic	University of Iowa
85	Cowan Darnell	Mechanical and Manufacturing Engineer	University of Michigan
213	Cowles Wendy	Pre-Columbian Gender Differences in Periodontal Disease	Indiana Univ./Purdue Univ. Indpls.
13	Crowder Mark	Systems Approaches for Understanding the Mechanisms of Diseases	Indiana Univ./Purdue Univ. Indpls.
245	Cuevas Rachel	Associations between maternal pregnancy variables and emotional e	University of Iowa
65	Curtis Paul	Collection of a Correlative Neurophysiologic Database	Indiana Univ./Purdue Univ. Indpls.
233	Dale Jamal	Aging and Culture	Michigan State University
7	Darling De'Rael	Computer Science	Purdue University
317	Daugomah Michael	Ultrafast Laser Micromachined Stainless Steel Stents Surface Rough	University of Michigan
41	Davis Carmen	? Semi Conductors ?	Indiana Univ./Purdue Univ. Indpls.
334	Dias Caroline	Socioeconomic correlates of prostate cancer incidence, stage at diagn	University of Iowa
305	Edwards Nigel	International Studies	Ohio State University
169	Emery Leslie	to be determined	University of Michigan
235	Evans Michele	Treatment of Breast Cancer: Does one size fit all?	Indiana Univ./Purdue Univ. Indpls.
313	Fernandez Nayeli	Mi Lucha: The school experiences of Mexican immigrants students i	University of Illinois at Urbana
141	Fernandez-Lopez Idarmeres	Western Blot Profile of Pythium insidiosum	Michigan State University
151	Ferrey Antony	Biology	Ohio State University
289	Flores-Rodríguez Angel	History	Ohio State University
97	Foster Tiaunn	Biology	Purdue University
111	Foster Melanie	Biology	Purdue University
199	Galvan Rosemary	The Effects of Overexpressed TRPC6 Channels in Pigs	Indiana Univ./Purdue Univ. Indpls.
171	Gipson Byron	Biology	Indiana University
81	Gomez Luis	Electrical Engineering	Northwestern University
43	Gonzalez-Hernandez Madiam	To be determined	University of Michigan
191	Gordon-Jackson Shashana	Pre-Medical Bio	Indiana Univ./Purdue Univ. Indpls.
331	Granger Paula	Guadalupe: Image of Syncretism	Indiana Univ./Purdue Univ. Indpls.
87	Guevara Ernesto	A study of Laminar Syngas (H2-CO) Flame Speed with the Addition	Pennsylvania State University
3	Gutierrez Tony	Biomechanical Analysis of the Regular and Smith Machine Squat E	Indiana Univ./Purdue Univ. Indpls.
77	Gutierrez Matthew	Have not finalized a name yet	Indiana Univ./Purdue Univ. Indpls.
99	Guzman Irisbel	Calmodulin Interactions with the NR1 Subunit of the NMDA (N-me	University of Iowa
173	Hardin Angela	Biology	University of Michigan
101	Hardison Teresa	Identification of Active Neuropeptides in Rat Spinal Tissue through	University of Illinois at Urbana
67	Hargreaves Carol	Physical Properties of DMSO - Phospholipid Interactions	Indiana Univ./Purdue Univ. Indpls.
323	Haynes Jasmine	Mass Communications	Ohio State University

Poster #	Name	Title	SROP Host University
135	Heflin Rose	Ecotypic variation or phenotypic plasticity? Examining allocation an	University of Wisconsin-Madison
21	Heo Hanna	IR Microspectroscopy of Living Algae	University of Wisconsin-Madison
221	Hill Michelle	International Studies	Ohio State University
55	Hill Carmen	Geology	University of Michigan
297	Horace Jowanza	anthropology	Indiana Univ./Purdue Univ. Indpls.
269	Hubbard Asale	African American Gifted Students	University of Iowa
193	IBRAHIM NAIMA	MEDICAL TECHNOLOGY	Ohio State University
35	Idowu Titilope	Effects of SAM synthesis and utilization on epigenetic processes in c	University of Iowa
73	Johnson Lauren	Civil Engineering	Purdue University
201	Johnson Ashley	Postural adaptations to prism-induced visual shifts during quiet stanc	Indiana Univ./Purdue Univ. Indpls.
271	Johnson Ashley	Psychology	Pennsylvania State University
207	Jones Ashley	Pharmacy	Ohio State University
139	Jones Brandi	Biology	Purdue University
17	Jones Kristen	Gendered Obstacles Faced by Historical Women in Physics	University of Wisconsin-Madison
57	Justin Randy	????	Pennsylvania State University
45	Khan Ayesha	Chemistry	University of Michigan
131	Kim Edward	yet to be determined.	University of Michigan
219	Lambert Aundra	Social Policies for Disabled Students	Indiana Univ./Purdue Univ. Indpls.
175	Larry Tolonda	Determination of the Functional Significance of a Universally Conse	Indiana Univ./Purdue Univ. Indpls.
143	Lazarre Lara	Apoptotic pathway induction in N1S1 cells by BR	Indiana Univ./Purdue Univ. Indpls.
9	Lee Andrew	Computer Science	Ohio State University
89	Little Kirby	mechanical engineering	University of Michigan
123	Loaiza Viviana	Does prairie vole (Microtus ochrogaster) Plant Preference and Growt	University of Wisconsin-Madison
273	Lombardero Anayansi	Psychology	University of Michigan
145	López Daviana	Applied Microbiology	Ohio State University
61	Lugo Frances	Enviromental Science	Ohio State University
247	Luna Marisa	How does the brain process emotional and social information?	Northwestern University
23	Lybarger Ryan	Electrostatic Interactions in Biomembranes	Indiana Univ./Purdue Univ. Indpls.
127	Makon Joelle	The Quality of Life, Physical activity levels and health for Women i	Pennsylvania State University
47	Martinez Jessica	I don't know as of now	University of Illinois at Chicago
63	Mayle Melody	Aerospace Engineering	Ohio State University
113	Mendez Alexandra	Biology	Purdue University
125	Menelas Blucher	Plant Pathology	Purdue University
177	Mensah Nathan	Biology	Indiana Univ./Purdue Univ. Indpls.
249	Montes Kevin	Student Gambling At The University of Iowa	University of Iowa
115	Morgan Brandie	Understanding the Role of the PDZ Protein Scribble in Fiber Cell De	University of Wisconsin-Madison
31	Negron Luis	Establishing the biosynthetic pathway of antimicrobial compounds c	University of Illinois at Urbana
205	Nelson Camilla	Teaching Special Olympians Social Skills Through a 4-wk Classroo	Michigan State University
179	Ofungwu Emmanuel	biology	University of Illinois at Chicago
275	Okunbor Osarumen	HMPV Millipore Study	University of Iowa

Poster #	Name	Title	SROP Host University
103	Okyne Elizabeth	2-Deoxy-D-glucose induced oxidative stress and cancer therapy in h	University of Iowa
243	Orengo Rosaura	Do conflict resolution skills buffer the effects of conflict on marital d	University of Iowa
285	Ortiz Emily	Psychology	University of Illinois at Chicago
69	Ositelu Ayo	Biomedical Engineering	Indiana Univ./Purdue Univ. Indpls.
133	Outlaw Jz	Understanding the B-Cell's and T-Cell's Mechanism of Immunodomi	University of Wisconsin-Milwauke
257	Palmer Michael	The effects of Ketamine on mental flexibility in rats	University of Illinois at Chicago
259	Parr Ray	Economics	Ohio State University
91	Patel Krishna	Mechanical Engineering Technology	Indiana Univ./Purdue Univ. Indpls.
229	Patterson Ryan	Energy, Business, Finance	Ohio State University
49	paul christian	Chemistry	University of Michigan
211	Perez Grisselle	Effec of low phosphorus in the hair root of rice	Pennsylvania State University
311	PERRY SUNCERRAE	n/a	University of Iowa
117	Phoun Ling	Biology	University of Michigan
291	Pierre Courtney	History	University of Illinois at Urbana
333	Proberbs Katrina	Neurocognitive difficulties and proinflammatory cytokines before an	University of Iowa
181	Quiñones-Torres Gabriela	Biology	Northwestern University
299	Rankin Greg	Graduation Rates of African American Students at Small Liberal Art	Michigan State University
225	Reddy Rahul	Political Science	University of Michigan
223	Regan Maria	Global Studies	University of Minnesota
253	Rico Melissa	The Validity of the BDI, CES-D, and SDS for Latina/o College Stud	University of Wisconsin-Madison
263	Robison JoBeth	Prejudice as an emergency.... Will you take a stand?	Purdue University
237	Rodriguez Gisselle	Undocumented Youth and the Dream Act	University of Illinois at Chicago
277	Rodriguez-SotNayra	Temper tantrums	University of Minnesota
149	Rosales Adriana	DHA Suppresses ATP- Induced Calcium Response in Mouse Astroc	University of Wisconsin-Madison
37	Roy Bithi	Micro-spectroscopic Study of a Henbury Crater Meteorite using SP	University of Wisconsin-Madison
203	Saez Anthea	Biology	Purdue University
239	Sanchez Luis	Sociology	Ohio State University
51	Santana Wilmarie	Chemistry	University of Michigan
279	seyed nozadi sara	Psychology	University of Michigan
183	Shelby Jasma	Biology	Indiana Univ./Purdue Univ. Indpls.
119	Shobe LaTasha	Premedical	Indiana Univ./Purdue Univ. Indpls.
327	Shorter Shavonne	Communication Studies	Purdue University
195	Silva-MelendePilar	Effects of genistein on inflammatory markers in adipose tissue	University of Illinois at Urbana
33	Sitole Lungile	chemistry	Indiana University
209	Southard Jennifer	The Effects of Nicotine on Human Keratinocyte Expression of Matri	Indiana Univ./Purdue Univ. Indpls.
281	Spalding Ruth	Psychology	University of Michigan
329	Spearman LeQuez	Media Construction of Barry Bonds As He Chases Hank Aaron's Re	University of Minnesota
53	Stokes Kindra	Characterization of T Cells Cytokines/ Eosinophils in IL5 Transgeni	Pennsylvania State University
11	Styles Liza	Computer Science	University of Michigan
185	Suarez Jose	Biology	Michigan State University

Poster #	Name	Title	SROP Host University
83	Tamez Juan	Cognitive Driver	Pennsylvania State University
121	Tarrien Rebecca	Molecular Biology and Microbiology	University of Michigan
25	Thomas Marcus	A study of non-singular cosmology	Pennsylvania State University
293	Thomas Brandy	n/a	University of Minnesota
301	Tsosie-MahieuAshley	Decolonization Matters: Diné Literature as Case Study	University of Illinois at Urbana
287	Turner Kimberly	Does environmental factors & family structure effect recidivism for j	Michigan State University
137	Turner Anthony	Enhancing The Natural Killer Cell's Cytotoxicity Against Multiple	Indiana Univ./Purdue Univ. Indpls.
95	Valentine Kristin	unknown	Indiana Univ./Purdue Univ. Indpls.
105	Vargas Eric	To be Determined	University of Michigan
153	Velarde Annie	E/N-cadherins and Catenins Expressions in the Histological Analysis	University of Illinois at Chicago
227	Villano Vincent	Education: Education, General	University of Michigan
215	Wells Dean	Ft Ancient Occupations	Ohio State University
255	Whitfield Ani	Variations in Environmental Influences and Its Association to Flucu	Pennsylvania State University
71	Whittington Catherine	Biomedical Engineering	Purdue University
315	Williams Nathaniel	Visual Arts and Its Importance to the School Curriculum	Indiana Univ./Purdue Univ. Indpls.
27	Williams Jamelle	Chemistry	Purdue University
93	Williams Kenton	Mechanical Engineering	Ohio State University
187	Wilson Amanda	The role of PRL-1 and PRL-2 on cell invasion and metastasis	Indiana Univ./Purdue Univ. Indpls.
15	Wojcik-Wolf Agnieszka	Fetal Alcohol Syndrome (for now)	Indiana Univ./Purdue Univ. Indpls.
303	Woodson Kaliah Ruth	What are the underlying causes of the November 2005 riots in Franc	Indiana Univ./Purdue Univ. Indpls.
5	Young Kristen	Math	Purdue University

Session II

282	Abdullah Muneebah	psychology	University of Wisconsin-Milwaukee
206	Ahammad Zakir	Effects of Angiotensin on ACE-2 mRNA	Michigan State University
158	Akhras Saleh	To be determined	University of Michigan
6	Al-Khattab Halima	Nursing	Indiana Univ./Purdue Univ. Indpls.
328	Allen Evette	Communication Studies	Purdue University
94	Allen Aneatria	Organizational Leadership Supervision	Indiana Univ./Purdue Univ. Indpls.
250	Anderson Adisa	Latino High School Students: A Psycho-sociocultural Perspective on	University of Wisconsin-Madison
160	Awoyemi Bisola	Overexpression of endothelin-1 perturbs prostate cancer growth in vi	University of Iowa
260	Baird Brittany	Psychology	Indiana Univ./Purdue Univ. Indpls.
258	Baker Dominique	Psychology	Ohio State University
216	Banks Robert	criminal justice	Michigan State University
162	Barnes Jamera	Biology	Indiana Univ./Purdue Univ. Indpls.
150	Barrantes Gonzalez Diana	Mutant miniT and its Effects on Cell Transformation	Pennsylvania State University
244	Barwacz Dariusz	Cultural Competence Among Healthcare Professionals	University of Illinois at Chicago
122	Bascom Gavin	Folding of the human G-quadruplex: Molecular Simulations	University of Michigan
140	Bates Adam Hwan	to be determined	University of Michigan
310	Bellows Quinnetta	Intergroup Dialogue	University of Michigan

Poster #	Name	Title	SROP Host University
----------	------	-------	----------------------

230	Benjamin Heather	Sociology	University of Michigan
108	Berry Damien	The effects of Phosphocreatine on cutaneous wound healing	Indiana Univ./Purdue Univ. Indpls.
124	Blythe Greg	Identification of Complementing SUMO Transgenes in Arabidopsis t	University of Wisconsin-Madison
20	Borchard Annette	Temperature Modeling of an Antarctic Ice Sheet	Pennsylvania State University
324	Brown India	Media Affects Perceptions	Pennsylvania State University
64	Brown Sara	Survey of Children with Diabetes on Insulin Pump Therapy	Indiana Univ./Purdue Univ. Indpls.
38	Brown LaFone	Self Assembled Monolayers	Pennsylvania State University
164	Bruns Nicholas	Biological Sciences	Indiana Univ./Purdue Univ. Indpls.
84	Bryant Joe	To Be Determined	University of Michigan
294	Burkhart Erica	History	Purdue University
332	Bwititi Tamayi	Metabolic syndrome characteristics of male Ossabaw swine fed high	Indiana Univ./Purdue Univ. Indpls.
166	Cain Kimyatta	Methyl esterification of PNA	Indiana Univ./Purdue Univ. Indpls.
266	Cantu Stephanie	When violent thoughts become violent actions: Understanding the tri	Northwestern University
16	Cardoso Rogerio	Bent-Double Radio Galaxies in Low Redshift Galaxy Groups	University of Wisconsin-Madison
138	Carr Alicia	Biology	Ohio State University
210	Carter Morgan	Food Science	Purdue University
288	Charles Danielle	Redlining in St. Louis, Missouri	University of Iowa
224	Chowdhry Zenab	Political Science	University of Michigan
168	Cooley Ben	We have not completed our research	Indiana Univ./Purdue Univ. Indpls.
40	Cordero Brenda	Organic	Purdue University
12	Crowder Jeremy	I have yet to decide	Indiana Univ./Purdue Univ. Indpls.
76	Cruz Christian	Maximum Entropy for Binary Black Hole	Pennsylvania State University
232	Cruz Luis	How Immigration Impacts Homosexual Community	University of Illinois at Chicago
110	Cruz Flores Valerie	The Expression of Adhesion Molecules in the Sertoli cells of male mi	University of Illinois at Urbana
86	Davis Mathieu	Mechanical Engineering	University of Michigan
42	Davis Natalie	Psychology	University of Michigan
335	Diallo Seme	Possible Impact of Cell Fusion after Cellular Transplants on Tumor	University of Iowa
54	Diaz Carlos	Chemistry	Purdue University
190	Diaz Diaz Mayela	Regulation of Notch1 in spermatogonia	University of Illinois at Urbana
218	Doniger Cynthia	Economics	University of Michigan
8	Downs Bianca	Computer Science	University of Michigan
234	Dungy Tiara	Sociology	Indiana Univ./Purdue Univ. Indpls.
96	English Danielle	NA	Purdue University
80	Escobar Adam	Preliminary Design of the NittanySat RF Absorption Experiment	Pennsylvania State University
154	Evans April	Phenotyping Drug Metabolism	Indiana Univ./Purdue Univ. Indpls.
170	Everhart Joshua	Biology	Ohio State University
136	Farmer Matthew	Satellite Cell Concentrations in Regenerated Muscle	Indiana Univ./Purdue Univ. Indpls.
26	Fatunmbi Bukola	Cloning of the Viperin Gene and Characterization of its Protein Prod	Pennsylvania State University
300	Faulk Shalanda	American Literature	Ohio State University
198	Fesahazion Ruth	Factors Influencing Age-Adjusted Mortality Rates	University of Illinois at Chicago

Poster #	Name	Title	SROP Host University
----------	------	-------	----------------------

30	Forsido	Biruk	Polyene Cyclizations	Indiana Univ./Purdue Univ. Indpls.
66	Garcia	Shawn	Undecided	University of Michigan
130	Garza, Jr.	Carlos	Biology	Purdue University
214	George	Krista	Cultural Anthropology	Michigan State University
28	Gipson	Kevin	Stereoselective Intramolecular Hydroamination	Michigan State University
142	Glover	Raenita	The effects of oxygen consumption/depletion in mitochondria after re	Indiana Univ./Purdue Univ. Indpls.
112	Gold	Sara	ATP Gradients and its Effect on the Motility of Kinesin-1	Pennsylvania State University
200	Gonzales	Ian	Biochemistry	University of Michigan
98	GORDON	ODAINÉ	Chemistry	University of Wisconsin-Madison
246	Gray	Samantha	Caretaker Burden as it relates to Autism	Indiana Univ./Purdue Univ. Indpls.
322	Greene III	Clarence	Journalism	Michigan State University
172	Groves	Ashley	i am not sure yet	University of Illinois at Chicago
256	guaderrama	melissa	The effects of stress exposure on nicotine preference in adolescent m	Pennsylvania State University
192	Guzman	Crystal	Biology	University of Illinois at Chicago
100	Guzman Sanchez	Heisbel	Calmodulin Interactions with the NR1 Subunit of the NMDA (N-me	University of Iowa
268	Hampton	Crystal	Gambling and Alcohol Expectancy Among College Students	University of Wisconsin-Milwauke
4	Haneman	Heather	temperatures in ice sheets in the south pole	^ Pennsylvania State University
306	Harper	Alexander	Medieval Studies	Ohio State University
126	Hernandez	Rebeca	Biology	Indiana Univ./Purdue Univ. Indpls.
22	Hill	Rafael	Neutrinos detected in Antarctica	Pennsylvania State University
270	Hutcheson	Shannon	Psychology	University of Iowa
326	Ishakarah	Ashanti	Mass Communication	Pennsylvania State University
174	Jennings	Kimberly	Biology	Ohio State University
272	Jones	Karenza	I do not have a poster title yet	Indiana Univ./Purdue Univ. Indpls.
44	Jones	Sidney	Spontaneous mechanical motion of a reactive liquid droplet in soap s	Pennsylvania State University
82	killian	brandon	Mininng Platinum through resistivty in South Africa	Pennsylvania State University
102	Krimmel	Rebecca	Activation of a Bacterial Signaling Pathway by Metagenomic Clones	University of Wisconsin-Madison
308	LaBelle	Drew	Elementary Ed	University of Wisconsin-Milwauke
132	Lee	Kyuha	To be Determined	^ University of Michigan
320	lee	Adam	Marketing	Ohio State University
262	Lemoine	Caroline	Affective Reactions to the Implicit Association Test	Indiana Univ./Purdue Univ. Indpls.
68	Leung	Audrey	Expression of XylR transcriptional activator through cloning of xylR	Pennsylvania State University
312	Leveston	Danielle	To be determined	Pennsylvania State University
88	Levine	David	Mechanical Engineering	University of Michigan
10	Lewis	John	Empirical Study of Side Chain Cross-Peak Intensity Patterns	University of Wisconsin-Madison
314	Lilly	Sonja	IUPUI School of Music	Indiana Univ./Purdue Univ. Indpls.
144	Lopez	Miguel	Microbiology	Ohio State University
318	Love	Danté	Business Management	Ohio State University
46	Luckenbill	Amanda	(Lys)n-(d)-Orn-Gly-His Metallopeptides and their Interactions with	Indiana Univ./Purdue Univ. Indpls.
60	Marsicek	Jeremiah	Physical responses to Climate Change in Lakes; a look at Spicer Lak	Purdue University

Poster #	Name	Title	SROP Host University
248	Martinez Cristal	Categorization of Stimuli by Pigeons	University of Iowa
176	Martinez Manuel	Inhibiting Tumor Progression	Indiana Univ./Purdue Univ. Indpls.
242	Martinez-Pedraza Frances	Psychology	University of Michigan
274	Mason Tanee	Unknown at time?	University of Iowa
290	Mays Kyle	Old Racism, New Mechanism	Michigan State University
204	McCarroll Landon	Applied Health Science	Ohio State University
296	Metcalfe Erica	A History of Genocide in Africa: Rwanda to Darfur	Indiana Univ./Purdue Univ. Indpls.
178	Mohammed Hussan	Molecular and Cellular Biology	Ohio State University
156	Mooney Erin	Effects of hormones on the production of the glycoprotein Zp3 from	Pennsylvania State University
114	Morenu Eythan	Biology	Purdue University
152	Morgart Erin	Neuroscience	University of Michigan
194	Muganda Deborah	Biochemistry	University of Wisconsin-Madison
48	Murage Gladys	Poliovirus	Pennsylvania State University
116	Nappier Marc	Nanoengineered miRNA delivery to Leukemia cells: cytotoxicity an	Ohio State University
36	Ndungu Patrick	Effects of TLR9 Agonist CpG on Vaccine Induced CD8+ T cells	University of Iowa
284	Nettles Sabrina	Predictors of Consistent Condom Use in Adolescents	University of Wisconsin-Milwaukee
222	Nowlin Lauren	Shell, Oil and Conflict in the Niger Delta	Purdue University
62	Olarte Christine	Climate Change and South African Taxa	Pennsylvania State University
212	Ortiz Barbosa Eliezer	Effcets of Corn Silage Variety and Level in the diet on milk yield an	Pennsylvania State University
90	Parayil Mathew	Mechanical Engineering	University of Michigan
202	Perez Mercedes	Biomedical Engineering	University of Michigan
236	Pierce Vanisha	Sociology	University of Illinois at Chicago
56	Plummer Charles	Geochemical inputs into the mafic rocks of Anatolia, Turkey	Pennsylvania State University
32	Poe Ambata	Chemistry	Pennsylvania State University
298	Presley Nancy	Tattooing As a Fine Art	Indiana Univ./Purdue Univ. Indpls.
180	Pruitt Shanel	Biology	Purdue University
24	Reilly Bethany	The Photoionization of Benzene	University of Wisconsin-Madison
